

Subsidy from MOE

MOE has subsidy system for waste treatment plants installed by municipalities, as following table.

kind of plant	kind of facilities & performance	supporting rate to installation cost
incineration (WTE)	general	1/3
	high rate power generation (*)	1/2
crashing & sorting plant	general	1/3
waste sludge treatment plant	general	1/3
reforming of old plant	CO ₂ reducion is ober 3% of total CO ₂ emission	1/3
	CO ₂ reducion is ober 20% of total CO ₂ emission	1/2

Performance Standard for high rate power generation type WTE

capacity of plant (t/d)	generation performance (%)
~100 (below or equal)	12
100(over)~150(below or equal)	14
150~200	15.5
200~300	17
300~450	18.5
450~600	20
600~800	21
800~1000	22
1000~1400	23
1400~1800	24
1800(over)~	25
